> NOTES OF STATE BANKS NOT TAXABLE. George W. Schuyler, superintendent of ens Bradley and Holt. Gentlemen, we are York, has issued a circular correcting the erroneous impression, widely prevalent, that holders of State bank bills will be subject to a tax of ten per cent. on paying them out after the 1st of July, and also that bankers will be subject to a like tax upon their outstanding circulation at that date. Banks are subject to the tax only upon such notes as they pay out, and not for their circulation. The notes of the State banks are secured, and will be as valuable after July 1 as before, and their holders are subject to no tax whatever.

It is rumored that the New York Legis. lature will be convened in August to ratify the constitutional amendment.
